RxMedic® and Health Business Systems Sign Preferred Business Partner Agreement

RALEIGH, NC - RxMedic Systems, a leading manufacturer of [automated dispensing](#) solutions for pharmacies, and Health Business Systems (HBS), a market leader in pharmacy software systems, today announced the signing of a preferred business partner agreement.

With the agreement, pharmacies using HBS' RxAXIS® [pharmacy software system](#) can connect directly to RxMedic's latest dispensing technology, including its ADS robot, enabling pharmacies to be more accurate, productive, and profitable.

"HBS works to provide our clients with the best options the industry has to offer," said HBS' Director of Implementation & Sales, Martin G. Spellman. "RxMedic's automated dispensing solutions offer our customers fast, accurate and unique dispensing technology, and we're looking forward to partnering with them."

"We share HBS' dedication to the customer," said David Williams, RxMedic's vice president. "Our [automated dispensing](#) solutions will now be able to work hand-in-hand with their pharmacy management system to enhance pharmacy workflow efficiency."

About Health Business Systems

HBS' suite of product and service offerings is geared toward pharmacy practice management, and provides solutions for retail pharmacy (independent and chain). The company was founded in 1981 and is headquartered in Warminster, Pennsylvania. For more information, please visit <http://www.HBSRx.com>.

About RxMedic Systems

RxMedic provides advanced automated dispensing technology to pharmacies. Its unique photo verification process provides pharmacies with documentation of every prescription.

RxMedic's ADS™ robotic solution can process the bulk of a pharmacy's daily prescription volume including counting, labeling, verifying, capping and stored documentation.

The RxMedic ACS™ counting solution provides fast, accurate automated dispensing for pharmacies that may not need a robot or want a more flexible configuration.

Both products are backed by nationwide on-site service. For more information about RxMedic and its products, visit <http://www.rxmedic.com> or call Will Humphries at **800.882.3819**.
